

Navbar example

This example is a quick exercise to illustrate how the default, static and fixed to top navbar work. It includes the responsive CSS and HTML, so it also adapts to your viewport and device.

To see the difference between static and fixed top navbars, just scroll.

Strict Content

I'm intended to
be inserted on
a fixed
container, but
then again, it is
based on my
class, not sure
yet what my
class name is.

I'm intended to
